

AWARD FOR EXCELLENCE

IN PROPERTY MANAGEMENT 2022

19<sup>TH</sup> May 2022

Dear Colleague,

I am writing to you to launch the **ACES Award for Excellence** competition for 2022.

This competition sets out to showcase the excellent Asset Management work being undertaken by ACES members and colleagues. This is a prestigious Award and past recipients have been rightly proud and honoured to have their achievements recognised and promoted by the Association.

We all strive to provide excellent asset management supported by our professional staff and to use property to further the aims of our respective authorities. This is an opportunity for exemplary work to be recognised, whether by yourself, an individual within your office, a team or indeed a team across organisations. We would also encourage applications that show partnership working, particularly with health or the voluntary sector. We welcome applications from all members whether that be a sole member organisation / authority or a multi-disciplined organisation.

The main aim of the Award is **“To recognise success and to highlight innovation or good practice by public sector Asset Managers”** and we are therefore inviting entries that can demonstrate some or all of the following:

<ul style="list-style-type: none"><li>➤ Initiative</li><li>➤ Innovation and imagination</li><li>➤ Professional skill</li><li>➤ Value for money and/or Best value</li><li>➤ Delivery against the odds</li></ul>	<ul style="list-style-type: none"><li>➤ Improving service delivery</li><li>➤ Effective asset management</li><li>➤ Enhancements to customer service</li><li>➤ Giving Social/ Community Value</li></ul>
--	---

Further detail is provided on the guidance form.

The deadline for receipt of entries is 31st August 2022 – they should be emailed directly to me at [helen.stubbs@property.nhs.uk](mailto:helen.stubbs@property.nhs.uk)

The more applications I receive the better as in addition to being involved in the judging process one of my first duties as President will be to present the ACES Award for Excellence to the winner at the Annual General Meeting. The winner will further be invited to present their entry to the ACES National Conference in Autumn 2023.

Yours sincerely

*Helen*

Helen Stubbs,  
Senior Vice President.
